

Now offering Front Load Dumpsters!

Support local, invest in our community

That's a value we take to heart here at Mr. Trash, and it's why we do everything we can to support local businesses like yours. Since 1995, Mr. Trash has been a locally-owned family-run business with a focus on providing best-in-class service and supporting our community.

Local entrepreneurs like you are the backbones of our region, and we know that the job description often goes beyond being a business owner; it's also being helpful neighbours, community volunteers, coaches and fundraisers.

We're reaching out to you today, a fellow local business because we understand that you have a choice when it comes to waste solutions. While our two main competitors are multinational corporations headquartered out of province, **Mr. Trash** is located right here in our community.

It's why we hope that you'll join us in our efforts to support **local**.

Let's work together to give you a **competitive price** while keeping your waste solution services **local**. Besides the roll-off dumpster service we have always provided, we now also offer front-load commercial pickup at your business. **Contact us today.**
